ERRATUM TO COMMENTS AND COUNTERPROPOSAL
OF DICKERSON BROADCASTING, INC.

On November 17, 1997, Dickerson Broadcasting, Inc. ("Dickerson") submitted Comments and Counterproposal in the above-captioned matter. Subsequently, Dickerson was advised by its consulting engineer that certain figures set forth in the engineering report on which the Comments and Counterproposal were based were erroneous. A Correction to the Engineering Report setting forth the correct figures is included as an attachment hereto. As set forth therein, the corrected figures continue to support Dickerson's proposal.

Respectfully submitted,

/s/ Harry F. Cole

Abstract

The engineering report in support of a counterproposal in MM Docket No. 97-205 has, for Starke Florida an error in the map of City Grade service, and the population within the 60 db μ V service area. This error was due to an error in transcribing of coordinates for the Starke transmitter location.

Correction.

A corrected Figure 3 shows the 70 db μ V principal community contour encompassing Starke, FL.

The table of Relative Population service should be corrected as shown below:

	Present Service	Proposed	% Change
Perry, Florida	N/A	17,305	N/A
Cross City, Florida	9,370 <u>a/</u>	23,724	+253%
Starke, Florida	47,568	325,259	+684%
Beverly Hills, Florida	116,560 <u>b/</u>	379,610	+325%
	-----	-----	
Total Service	173,468	745,898	+430%

The changes are shown in **bold** characters.

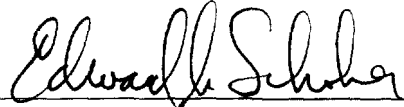

Conclusion

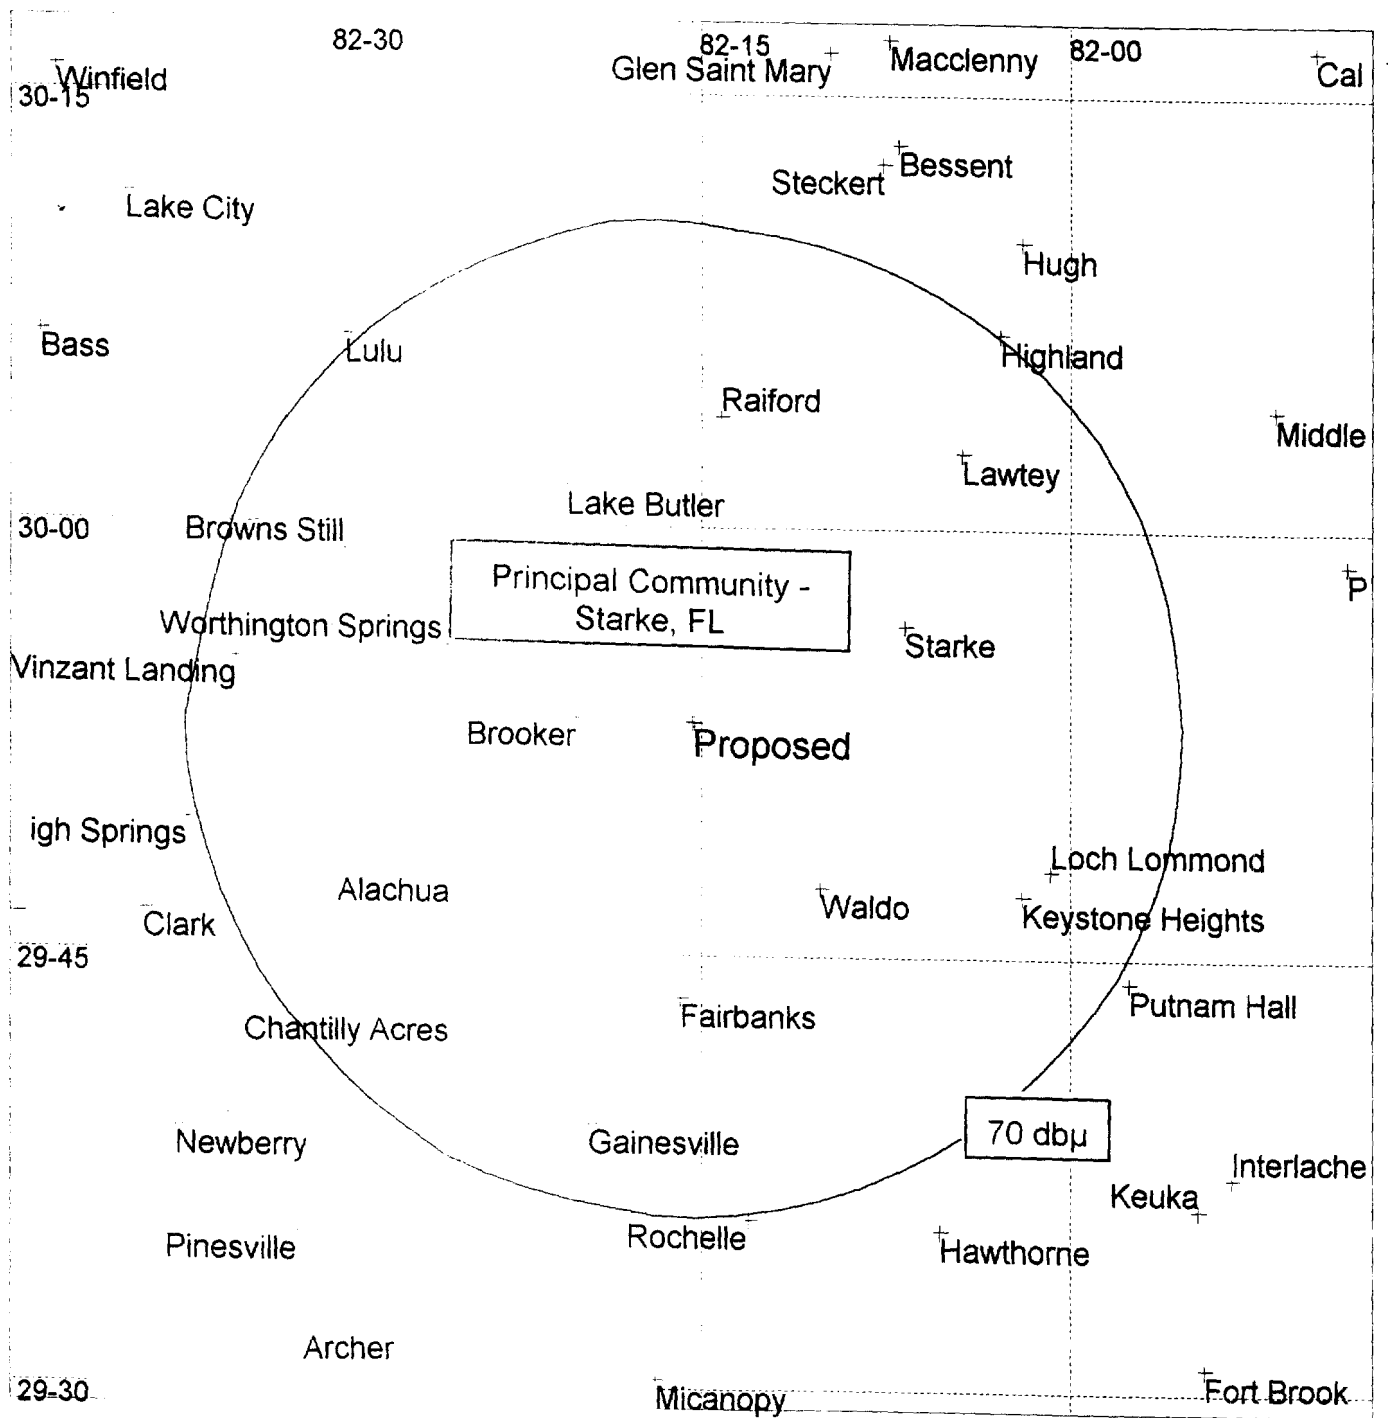

These corrections continue to support the original conclusion, but show slightly less gain in population for this proposal than originally reported.

Engineers Statement

This correction was prepared by myself, and is correct and accurate to the best of my knowledge. My qualifications and experience are as stated in the original report.
